Save big on NEO Undercounter Ice Makers

America's #1 selling ice machine is now more affordable with **$500** utility rebates available now. Select NEO cubers and flakers currently qualify for a **$500** utility rebate, helping reduce the net cost of a compact, commercial-grade ice solution.

Why NEO?

Simplify daily operation and service:

- Undercounter sizing keeps ice production close to the point of use
- Front ventilation
- Easy-to-read touchpad
- Removable bin access
- Integrated water filtration on cuber models

Eligible Models

Flakers	NEO Cubers
UFP0200A-161	UDP0140A-161B
UFP0350-161	UDP0190A-161B
	URP0140A-161B
	UYP0140A-161B
	UYP0190A-161B

Ask us to quote an eligible NEO model before you buy.

We can help confirm the model match and point you to the right utility rebate resources for your location.

Important rebate note: Rebate availability and amounts vary by utility program and state. Customers in **HI** and **NV** should consult their local energy company for current rates and eligibility in their area before purchase
